

# Pan Am - Solo AI

by @dacar95

## **Setup**

Rule change : do not give Destination cards to the AI

## **Event Phase**

Standard rules, you play for the AI

## **Engineer Phase**

Roll 2 dice for the AI. Based on dice results and round number, place your engineer on the dedicated spot (A,B,C,D,E) - see the chart.

Rule change : Check that the AI can go on the designated spot. If the spot is already taken by another AI engineer choose the next letter on the left.

Rule change : B - roll 1 die and place AI engineer accordingly (starting from the top leftmost position). Current position of the AI will be the starting position next time.

Rule change : C - Always take the biggest plane available.

## **Resolution Phase**

Rule change : for each table, roll 1 or 2 die and choose the destination or the airport corresponding. If unavailable, take the next one in the list until you find an available solution.

A - roll 2 die and choose the first available airport

B - discard the AI Destination cards but add the money to the AI budget

C - standard rule

D - Roll 2 or 1 die depending on AI plane availability (see chart) and choose the first route available on the list. AI player does not need to have Destination cards.  
(optional - limit AI to no more than 2 routes max per round, except round 7.)

E – standard rule. You will choose for the AI player

## **Pan Am Phase**

Rule Change : keep the amount of money indicated in the chart (Round 1 Keep 10) and spend all extra money to buy as much stock as possible
